Pluggable surge protective device free of leakage current for 2-pos. isolated and grounded DC voltage systems with linear operating characteristic up to 220 V DC, for DIN rail mounting, 3-pos. base element with remote indication contact, three pluggable temperature-monitored protective elements, status message on each plug.

Your advantages

- ✓ Surge protection family for universal use with optimum energy coordination from the lightning current arrester to the device protection
- ✓ Easy to maintain due to consistently pluggable protection modules
- ✓ Excellent level of information provided by mechanical/visual status indicator and remote indication contact
- ✓ More space in the control cabinet due to the narrow overall width of just 12 mm per position
- ✓ Free of leakage current so there is no influence on insulation monitoring
