

PVC-TV1-BK-4-1000**Weidmüller Interface GmbH & Co. KG**

Klingenbergstraße 26

D-32758 Detmold

Germany

www.weidmueller.com

With the **multi-tool**, Weidmüller is offering a multifunctional tool for processing PV solar connectors. The dust protection cap "**Dustcap VSSO**" protects the Weidmüller and type 4 solar connectors against dust and dirt.

The "**SafetyClip**" protects the Weidmüller solar connectors against unintentional opening and can only be released using the special multi-tool.

The **multi-stripax® PV** is a cutting and stripping tool which can process various solar cables without changing blades, thus speeding up the working process.

The specially developed precision crimping tools **CTF PV WM4** and **CTX PV** for solar connectors from Weidmüller and other manufacturers guarantee optimum processing quality for crimped connections.

General ordering data

Version	Photovoltaics, Cable
Order No.	1203780000
Type	PVC-TV1-BK-4-1000
GTIN (EAN)	4050118034387
Qty.	1,000 m
