

# Rod clevis CRSG-M16X1,5

Part number: 13571

FESTO

 [General operating condition](#)

## Data sheet

| Feature  | Value   |
|--|---|
| Size   | M16x1.5   |
| Mounting position                                  | Any   |
| Based on norm                                      | DIN 71752<br>ISO 8140   |
| Threaded connection                                | Internal thread M16x1.5   |
| Corrosion resistance class (CRC)                   | 2 - Moderate corrosion stress   |
| LABS (PWIS) conformity                             | VDMA24364-B2-L  |
| Suitability for the production of Li-ion batteries | Metals with more than 1% by mass of copper are excluded from use.<br>Circuit boards, Lines, electrical push-in connectors and Coils Metals with more than 1% copper as an alloy component are excluded from use.<br>Exceptions are printed circuit boards, cables, el |
| Ambient temperature                                | -40 °C ... 150 °C   |
| Max. load capacity                                 | 4 kN  |
| Product weight                                     | 380.2 g   |
| Rod clevis material                                | High-alloy steel  |
| Note on materials                                  | RoHS-compliant  |
| Bolt material                                      | High-alloy steel  |
| Nut material                                       | High-alloy steel  |
| Fuse material                                      | High-alloy steel  |
