

HDC GRIP PANEL 6 ADAPT**Weidmüller Interface GmbH & Co. KG**

Klingenbergstraße 26

D-32758 Detmold

Germany

www.weidmueller.com

When used in electrical cabinets, bulkhead openings and auxiliary frames, heavy-duty connectors are not always mounted with heavy-duty housings. If, owing to cost or weight consideration, the assembly is being carried out without bulkhead or connector housing, Weidmüller's grip panel can then offer a mature solution for establishing a secure connection.

- Direct contact with the bulkhead
- Integrated M5 screws are used for fastening
- The wide bearing surface enables a large contact surface
- Minimal contact resistance
- High degree of resistance to warping
- Shield connection at grip panel is possible
- Cable ties can be used to fasten the cable

General ordering data

Version	Heavy-duty connectors, Accessories, Grip panel
Order No.	1444720000
Type	HDC GRIP PANEL 6 ADAPT
GTIN (EAN)	4050118250138
Qty.	1 pc(s).
