

# Manifold block CPE14-PRSEO-2

Part number: 187830

FESTO

 [General operating condition](#)

## Data sheet

| Feature                                  | Value                                                              |
|------------------------------------------|--------------------------------------------------------------------|
| Max. no. of valve positions              | 2                                                                  |
| Operating medium                         | Compressed air as per ISO 8573-1:2010 [7:4:4]                      |
| Information on operating and pilot media | Operation with oil lubrication possible (required for further use) |
| Corrosion resistance class (CRC)         | 2 - Moderate corrosion stress                                      |
| LABS (PWIS) conformity                   | VDMA24364-B1/B2-L                                                  |
| Product weight                           | 85 g                                                               |
| Sub-base mounting type                   | With through-hole<br>With H-rail                                   |
| Pneumatic connection 1                   | G3/8                                                               |
| Note on materials                        | RoHS-compliant                                                     |
| Housing material                         | PA-reinforced                                                      |
