

# Vacuum suction cup holder

## ESH-HE-5-G1/4

Part number: 189257

**FESTO**

 [General operating condition](#)

## Data sheet

| Feature                              | Value                                           |
|--------------------------------------|-------------------------------------------------|
| Nominal width                        | 7 mm                                            |
| Volume                               | 1.227 cm <sup>3</sup>                           |
| Mounting position                    | Any                                             |
| Structural design                    | Vacuum connection at top                        |
| Classification of suction cup holder | Size 5                                          |
| Operating medium                     | Atmospheric air based on ISO 8573-1:2010 [7::-] |
| Corrosion resistance class (CRC)     | 1 - Low corrosion stress                        |
| LABS (PWIS) conformity               | VDMA24364-A1-L                                  |
| Ambient temperature                  | -10 °C ... 60 °C                                |
| Product weight                       | 24 g                                            |
| Type of mounting                     | Via vacuum connection                           |
| Suction cup mounting                 | M10                                             |
| Vacuum connection                    | G1/4                                            |
| Note on materials                    | RoHS-compliant                                  |
| Seals material                       | Wrought aluminum alloy<br>NBR<br>POM<br>Steel   |
| Retainer bracket material            | Tempered steel                                  |
