

# Retaining clip MKRS-23-B

Part number: 192290

FESTO

 [General operating condition](#)

## Data sheet

| Feature                          | Value                         |
|----------------------------------|-------------------------------|
| Mounting position                | Any                           |
| Corrosion resistance class (CRC) | 2 - Moderate corrosion stress |
| LABS (PWIS) conformity           | VDMA24364-B2-L                |
| Ambient temperature              | -30 °C ... 80 °C              |
| Product weight                   | 18 g                          |
| Type of mounting                 | With through-hole             |
| Note on materials                | RoHS-compliant                |
