| General data |  |
|--------------|--|
|--------------|--|

|                                            |                                                 |
|--------------------------------------------|-------------------------------------------------|
| Product specification                      | Primary section                                 |
| Width of the primary section               | 126 mm                                          |
| Number of modules of primary section       | 3                                               |
| Load characteristic of the primary section | Peak load                                       |
| Maximum Speed at maximum feed force        | 2.0 m/s                                         |
| Type of electrical connection              | Connecting frame for 2 metric screw connections |
| Temperature monitoring                     | 1x PTC drilling plus 1x Pt1000                  |
