

PRODUCT-DETAILS

CA4-22NS

CA4-22NS Auxiliary Contact Block

O	1 . 6
General	Information

CA4-22NS Extended Product Type 1SBN010145R1222 Product ID EAN 3471523130340

Catalog Description CA4-22NS Auxiliary Contact Block

> The auxiliary contact blocks are used for the operation of auxiliary circuits and control circuits for standard industrial environments.

Types of auxiliary contact blocks for front mounting:

• CA4 1 or 4-pole block, with instantaneous N.O., N.C. contacts

• CC4 1-pole block, with N.O. leading contact or N.C. lagging contact

• CAT4 2-pole block, with instantaneous N.O. + N.C. contacts and A1 / A2 coil terminal

connection on front face.

Select the 4-pole auxiliary contact blocks CA4-..E, CA4-..M, CA4-..U or CA4-..N type, according to the contactor or contactor relay type for compliance with the standard

requirements (see "Terminal marking and positioning").

Types of auxiliary contact blocks for side mounting:

• CAL4 2-pole block, with instantaneous N.O. + N.C. contacts.

For clipping onto the right- and/or left-hand side of the contactors. The auxiliary contact blocks are equipped with screw type connecting terminals delivered open, protected against

accidental direct contact and bear the corresponding function marking.
