**Technical data****Dimensions and weights**

|                |            |                 |            |
|----------------|------------|-----------------|------------|
| Depth          | 126 mm     | Depth (inches)  | 4.961 inch |
| Height         | 142 mm     | Height (inches) | 5.591 inch |
| Net weight     | 740 g      | Width           | 88 mm      |
| Width (inches) | 3.465 inch |                 |            |

**Temperatures**

|                             |             |
|-----------------------------|-------------|
| Operating temperature range | -40...70 °C |
|-----------------------------|-------------|

**General data**

|                                |                      |                      |                |
|--------------------------------|----------------------|----------------------|----------------|
| Continuous heat output at 10°C | 1,200 W              | Inrush current       | max. 31 A      |
| Operating temperature range    | -40...70 °C          | Operating voltage    | 230 V AC       |
| Protection degree              | IP20                 | Type of connection   | Spring contact |
| Type of mounting               | Rail, Screw mounting | With room thermostat | No             |

**Classifications**

|             |             |             |             |
