

# Bellows kit EADB-V2-40-S101-200

Part number: 2828835

FESTO

 General operating condition

## Data sheet

| Feature                          | Value                                       |
|----------------------------------|---------------------------------------------|
| Outside diameter                 | 57 mm                                       |
| Size                             | 40                                          |
| Stroke range                     | 101 mm ... 200 mm                           |
| Piston rod extension             | 79 mm                                       |
| Design                           | Round                                       |
| Mounting position                | Any                                         |
| Structural design                | with ducted exhaust air                     |
| Corrosion resistance class (CRC) | 3 - High corrosion stress                   |
| LABS (PWIS) conformity           | VDMA24364-B2-L                              |
| Media resistance                 | Stäube<br>Chips<br>Oils<br>Grease<br>Petrol |
| Degree of protection             | IP65<br>as per IEC 60529                    |
| Ambient temperature              | -10 °C ... 80 °C                            |
| Moving mass                      | 82 g                                        |
| Product weight                   | 146 g                                       |
| Type of mounting                 | With threaded pin                           |
| Pneumatic connection             | G1/4                                        |
| Note on materials                | RoHS-compliant                              |
| Adaption parts material          | Wrought aluminum alloy<br>Anodized          |
| Seals material                   | NBR                                         |
| Bellows material                 | NBR                                         |
| Threaded pin material            | High-alloy stainless steel                  |
