Type 2 surge arrester for universal mounting in lights and cable connection boxes. Specifically for insulation class II with optical fault indication. Installation in branch or through wiring. Version: 230 V AC

Your advantages

- ✓ Optimal additional protection of the building installation for longer service life and increased availability of the end devices
- ✓ Optimal protection of the power supply for longer service life and increased availability of the LED lighting
- ✓ Excellent level of information provided, thanks to shutdown function for the load circuit in the event of an error
- ✓ Simple condition monitoring without voltage on the device with a mechanical/visual status indicator
- ✓ Flexible installation, thanks to mounting via integrated elongated holes
- ✓ Specifically for insulation class II with double or reinforced insulation
