

PRODUCT-DETAILS

E295-PS E295-PS Permanent Signal Module

Общая информация

Тип расширенного изделия	E295-PS
Идентификационный номер изделия	2TAZ312005R1003
Европейский товарный код (EAN)	7612270939459

Описание в каталоге

E295-PS Permanent Signal Module

Длинное описание

Latching relays are electromagnetically operated devices. The E290 range from ABB can be used to realise a simple, energysaving and efficient lighting control system. These devices are mainly used in rivate houses, factory premises and commercial and public buildings as well as in industrial plants. As a rule, latching relays controlled by means of impulse buttons are installed where it is necessary for lighting to be operated from at least three different places. Each time a command is initiated (by means of an impulse button), an electrical pulse is applied to the coil of the latching relay. The coil in the device is briefly energised and activated. That short pulse to the coil leads to the mechanical latch of the internal main contacts. The internal switching mechanism enables us to achieve a safe and reliable interlock (in the same way as a ballpoint pen). Each pulse that is sent to the magnetic coil system switches the device ack to its previous position where it is held mechanically until the next control pulse is received. The devices are designed for rated currents 16 and 32A. Through the combinable accessories the main modules can be used in nearly all market applications.

Чистая высота изделия	85 mr
Чистая длина изделия	58 mi
Чистая толщина изделия	58 mr
Чистый вес изделия	41
Container Information	
Package Level 1 Units	box 10 штук
Package Level 1 Width	96 mr
Package Level 1 Height	82 mr
Package Level 1 Depth / Length	185 mr
Package Level 1 Gross Weight	499
Package Level 1 EAN	761227093945
Additional Information	
Тип аксессуаров	Othe
Сечение подключаемого	Одножильный 1 x 1 10 mm
кабеля	Гибкий 2 х 2.5 mm Гибкий с концевой разделкой кабеля 1 х 0.75 6 mm
	Гибкий с кабельным наконечником 1 x 0.75 6 mm
Основной тип изделия	E29
Название изделия	Permanent Signal Modul
Номинальный ток (I _n)	1/
Номинальная частота (f)	50 H
Номинальное рабочее напряжение	250 V A
Правила ограничения содержания вредных веществ RoHS данные
