

# Pneumatic timer

## VZA-3-1/4

Part number: 3434

FESTO

 General operating condition

### Data sheet

| Feature                                  | Value                                                              |
|------------------------------------------|--------------------------------------------------------------------|
| Symbol                                   | 00995725                                                           |
| Operating pressure                       | 0 bar ... 10 bar                                                   |
| Standard nominal flow rate               | 600 l/min                                                          |
| Adjustable delay time                    | 0 s ... 30 s                                                       |
| Explosion prevention and protection      | Zone 1 (ATEX)<br>Zone 2 (ATEX)<br>Zone 21 (ATEX)<br>Zone 22 (ATEX) |
| Operating medium                         | Compressed air as per ISO 8573-1:2010 [7:-:-]                      |
| Information on operating and pilot media | Operation with oil lubrication possible (required for further use) |
| LABS (PWIS) conformity                   | VDMA24364-B2-L                                                     |
| Type of mounting                         | With through-hole                                                  |
| Pneumatic connection                     | G1/8<br>G1/4                                                       |
| Note on materials                        | RoHS-compliant                                                     |
