### Technical data:

|                                                             |    |                                     |
|-------------------------------------------------------------|----|-------------------------------------|
| <b>Current / for AC / rated value</b>                       | A  | 200                                 |
| <b>Size of the fallback-system / acc. to DIN EN 60269-1</b> |    | NH1                                 |
| <b>Supply voltage</b>                                       |    |                                     |
| • for AC / rated value                                      | V  | 690                                 |
| • for DC                                                    | V  | 400                                 |
| <b>Switching capacity current</b>                           |    |                                     |
| • in accordance with IEC 60947-2 / rated value              | kA | 120                                 |
| <b>Design of an identification indicator</b>                |    | Front indicators                    |
| <b>Protection class IP</b>                                  |    | IP20, with connected conductors     |
| <b>Climatic class</b>                                       |    | -20 to +50 at 95% relative humidity |
| <b>Ambient temperature</b>                                  |    |                                     |
| • minimum                                                   | °C | -20                                 |
| • maximum                                                   | °C | 50                                  |

### Certificates/approvals:

| General Product Approval                                                                  | Declaration of Conformity                                                                     | Test Certificates                        |                                                    |
