

IN-LINE FUSE SWITCH DISCONNECTOR 1-POLE  
SWITCHABLE,  
SIZE 00,  
I=160A BUSBAR CENTRE-LINE SPACING 185MM SCREW  
TERMINAL M 8

### General technical details:

|                                         |   |     |
|-----------------------------------------|---|-----|
| <b>Continuous current / rated value</b> | A | 160 |
| <b>Operating voltage</b>                |   |     |
| • for DC / rated value                  | V | 440 |
| • at 50/60 Hz / for AC / rated value    | V | 690 |
| <b>Number of poles</b>                  |   | 3   |
| <b>Active power loss / maximum</b>      | W | 18  |
| <b>Item designation</b>                 |   |     |
| • according to DIN EN 61346-2           |   | Q   |

### Mechanical design:

|                                            |    |                      |
|--------------------------------------------|----|----------------------|
| <b>Design of the load switch</b>           |    |                      |
| • Strip form                               |    | Yes                  |
| <b>Type of mounting</b>                    |    | Flachanschluss, M 8  |
| <b>Design of the electrical connection</b> |    |                      |
| • for main current circuit                 |    | screw-type terminals |
| <b>Fuse system</b>                         |    | LV HRC fuse          |
| <b>Center line spacing</b>                 | mm | 185                  |
| • 40 mm                                    |    | No                   |
| • 50 mm                                    |    | No                   |
