Data sheet 3RU2116-1AC1

Overload relay 1.1...1.6 A Thermal For motor protection Size S00, Class 10 Stand-alone installation Main circuit: Spring-type terminal Auxiliary circuit: spring-type terminal Manual-Automatic-Reset

| Product brand name       | SIRIUS                 |
|--------------------------|------------------------|
| Product designation      | thermal overload relay |
| Product type designation | 3RU2                   |

| Size of overload relay   | S00   |
|--|-------|
| Size of contactor can be combined company-specific   | \$00  |
| Power loss [W] for rated value of the current  |       |
| <ul> <li>at AC in hot operating state</li> </ul>   | 5.7 W |
| • at AC in hot operating state per pole  | 1.9 W |
| Insulation voltage with degree of pollution 3 at AC rated value                                      | 690 V |
| Surge voltage resistance rated value   | 6 kV  |
| maximum permissible voltage for safe isolation   |       |
| <ul> <li>in networks with grounded star point between<br/>auxiliary and auxiliary circuit</li> </ul> | 440 V |
| <ul> <li>in networks with grounded star point between<br/>auxiliary and auxiliary circuit</li> </ul> | 440 V |
| • in networks with grounded star point between main and auxiliary circuit                            | 440 V |

| <ul> <li>in networks with grounded star point between<br/>main and auxiliary circuit</li> </ul> | 440 V                       |
|---|-----------------------------|
| Protection class IP   |                             |
| • on the front  | IP20                        |
| • of the terminal   | IP20                        |
| Shock resistance  |                             |
| • acc. to IEC 60068-2-27  | 8g / 11 ms                  |
| Type of protection according to ATEX directive 2014/34/EU                                       | Ex II (2) GD                |
| Certificate of suitability according to ATEX directive 2014/34/EU                               | DMT 98 ATEX G 001           |
| Reference code acc. to DIN EN 81346-2   | F                           |
| Ambient conditions  |                             |
| Installation altitude at height above sea level   |                             |
| • maximum   | 2 000 m                     |
| Ambient temperature   |                             |
| <ul> <li>during operation</li> </ul>  | -40 +70 °C                  |
| during storage  | -55 +80 °C                  |
| during transport  | -55 +80 °C                  |
| Temperature compensation  | -40 +60 °C                  |
| Relative humidity during operation  | 10 95 %                     |
| Main circuit  |                             |
| Number of poles for main current circuit  | 3                           |
| Adjustable pick-up value current of the current-<br>dependent overload release                  | 1.1 1.6 A                   |
| Operating voltage   |                             |
| • rated value   | 690 V                       |
| <ul> <li>at AC-3 rated value maximum</li> </ul>   | 690 V                       |
| Operating frequency rated value   | 50 60 Hz                    |
| Operating current rated value   | 1.6 A                       |
| Operating power at AC-3   |                             |
| ● at 400 V rated value  | 0.55 kW                     |
| • at 500 V rated value  | 0.75 kW                     |
| • at 690 V rated value  | 1.1 kW                      |
| Auxiliary circuit   |                             |
| Design of the auxiliary switch  | integrated                  |
| Number of NC contacts for auxiliary contacts  | 1                           |
| • Note  | for contactor disconnection |
| Number of NO contacts for auxiliary contacts  | 1                           |
| • Note  | for message "Tripped"       |
| Number of CO contacts   |                             |
| • for auxiliary contacts  | 0                           |
|   |                             |

| Operating current of auxiliary contacts at AC-15                                      |                                 |
|---|---------------------------------|
| • at 24 V   | 3 A                             |
| ● at 110 V  | 3 A                             |
| ● at 120 V  | 3 A                             |
| ● at 125 V  | 3 A                             |
| ● at 230 V  | 2 A                             |
| ● at 400 V  | 1 A                             |
| Operating current of auxiliary contacts at DC-13                                      |                                 |
| • at 24 V   | 2 A                             |
| ● at 60 V   | 0.3 A                           |
| ● at 110 V  | 0.22 A                          |
| ● at 125 V  | 0.22 A                          |
| ● at 220 V  | 0.11 A                          |
| Contact rating of auxiliary contacts according to UL                                  | B600 / R300                     |
| Protective and monitoring functions   |                                 |
| Trip class  | CLASS 10                        |
| Design of the overload release  | thermal                         |
| III /CCA ratings  |                                 |
| UL/CSA ratings Full-load current (FLA) for three-phase AC motor                       |                                 |
| • at 480 V rated value  | 1.6 A                           |
| • at 600 V rated value  | 1.6 A                           |
