SIEMENS

Data sheet

3VA2712-6AC13-0AA0

fixed-mounted molded case circuit breaker w. handle frame 1600; 4AUX and trip alarm switch S24; Icu "H" Icu=85kA @ 415V, 4-pole, left ETU350, LSI, In=1250A rotary coding switch Ir=500...1250A Isd=1...10xIn, Ii=1.5...15xIn N conductor protec. adjustable OFF, 50%, 100%, 200% nut keeper kit No communication connection, no measurement function Without additional alarm switch assembly With mechanical calling without 2nd auxiliary release without 1st auxiliary release

Model	
product brand name	SENTRON
product designation	Molded case circuit breaker
design of the product	MCCB
design of the actuating element	toggel handle actuator
type of the driving mechanism	manual operating mechanism
type of the driving mechanism / motor drive	No
design of the overcurrent release	ETU350
General technical data	
number of poles	4
size of the circuit-breaker	1600 A
mechanical service life (operating cycles) / typical	1 000
circuit-breaker / Design	3VA2
Voltage	
insulation voltage / rated value	1 000 V
operating voltage / at AC / at 50/60 Hz / rated value	690 V
protection class IP	IP20
 protection class IP / on the front 	IP20
protection function of the overcurrent release	LSI
power loss [W] / for rated value of the current / at AC / in hot operating state / per pole	47 W
Auxiliary circuit	
	A
number of CO contacts / for auxiliary contacts	4
number of CO contacts / for auxiliary contacts Suitability	4
Suitability suitability for use	system protection
Suitability	
Suitability suitability for use	
Suitability suitability for use Adjustable parameters adjustable current response value current / of the current-	system protection
Suitability suitability for use Adjustable parameters adjustable current response value current / of the current-dependent overload release / initial value	system protection
Suitability suitability for use Adjustable parameters adjustable current response value current / of the current-dependent overload release / initial value product component	system protection 500 A
Suitability suitability for use Adjustable parameters adjustable current response value current / of the current-dependent overload release / initial value product component	system protection 500 A Yes
Suitability suitability for use Adjustable parameters adjustable current response value current / of the current-dependent overload release / initial value product component • trip indicator • voltage trigger	system protection 500 A Yes No
Suitability suitability for use Adjustable parameters adjustable current response value current / of the current-dependent overload release / initial value product component	system protection 500 A Yes No No
Suitability suitability for use Adjustable parameters adjustable current response value current / of the current-dependent overload release / initial value product component	system protection 500 A Yes No No
Suitability suitability for use Adjustable parameters adjustable current response value current / of the current-dependent overload release / initial value product component	system protection 500 A Yes No No
Suitability suitability for use Adjustable parameters adjustable current response value current / of the current-dependent overload release / initial value product component	system protection 500 A Yes No No No No
Suitability suitability for use Adjustable parameters adjustable current response value current / of the current-dependent overload release / initial value product component	system protection 500 A Yes No No No
Suitability suitability for use Adjustable parameters adjustable current response value current / of the current-dependent overload release / initial value product component • trip indicator • voltage trigger • undervoltage release product extension / optional / motor drive Product function product function • grounding protection Display and operation display version Short circuit	system protection 500 A Yes No No No No
Suitability suitability for use Adjustable parameters adjustable current response value current / of the current-dependent overload release / initial value product component • trip indicator • voltage trigger • undervoltage release product extension / optional / motor drive Product function product function • grounding protection Display and operation display version Short circuit operating short-circuit current breaking capacity (lcs)	system protection 500 A Yes No No No Wo Without display
Suitability suitability for use Adjustable parameters adjustable current response value current / of the current-dependent overload release / initial value product component	system protection 500 A Yes No No No No Without display
Suitability suitability for use Adjustable parameters adjustable current response value current / of the current-dependent overload release / initial value product component	system protection 500 A Yes No No No No Without display
Suitability suitability for use Adjustable parameters adjustable current response value current / of the current-dependent overload release / initial value product component • trip indicator • voltage trigger • undervoltage release product extension / optional / motor drive Product function product function • grounding protection Display and operation display version Short circuit operating short-circuit current breaking capacity (lcs) • at 415 V / rated value • at 690 V / rated value • at 690 V / rated value	system protection 500 A Yes No No No No Without display
Suitability suitability for use Adjustable parameters adjustable current response value current / of the current-dependent overload release / initial value product component • trip indicator • voltage trigger • undervoltage release product extension / optional / motor drive Product function product function • grounding protection Display and operation display version Short circuit operating short-circuit current breaking capacity (lcs) • at 415 V / rated value • at 500 V / rated value • at 690 V / rated value maximum short-circuit current breaking capacity (lcu)	system protection 500 A Yes No No No No Without display 85 kA 55 kA 36 kA
Suitability suitability for use Adjustable parameters adjustable current response value current / of the current-dependent overload release / initial value product component	system protection 500 A Yes No No No No Without display 85 kA 55 kA 36 kA 85 kA
Suitability suitability for use Adjustable parameters adjustable current response value current / of the current-dependent overload release / initial value product component • trip indicator • voltage trigger • undervoltage release product extension / optional / motor drive Product function product function • grounding protection Display and operation display version Short circuit operating short-circuit current breaking capacity (lcs) • at 415 V / rated value • at 500 V / rated value • at 690 V / rated value maximum short-circuit current breaking capacity (lcu)	system protection 500 A Yes No No No No Without display 85 kA 55 kA 36 kA

• at 690 V / rated value	36 kA
Connections	
arrangement of electrical connectors / for main current circuit	Main connection on front side
type of electrical connection / for main current circuit	busbar connection
Mechanical Design	
height	296 mm
width	280 mm
depth	183 mm
fastening method	fixed mounting
net weight	16 kg
Environmental conditions	
ambient temperature / during operation	
• minimum	-25 °C
• maximum	70 °C
ambient temperature / during storage	
• minimum	-40 °C
• maximum	70 °C
