

# Clamping finger CLR-20/25-FS

Part number: 535553

FESTO

 [General operating condition](#)

## Data sheet

| Feature                                            | Value                                                                                                                                              |
|----------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| Size                                               | 20/25                                                                                                                                              |
| Corrosion resistance class (CRC)                   | 2 - Moderate corrosion stress                                                                                                                      |
| LABS (PWIS) conformity                             | VDMA24364-B2-L                                                                                                                                     |
| Suitability for the production of Li-ion batteries | Metals with more than 1% by mass of copper are excluded from use.<br>Exception are printed circuit boards, cables, electrical connectors and coils |
| Clamping finger material                           | Wrought aluminum alloy<br>Plain anodized                                                                                                           |
