

### LED LAMP BLUE 230V

Similar to image

#### Technical data:

|                                                         |   |        |
|---------------------------------------------------------|---|--------|
| Nature of fluorescent material                          |   | LED    |
| Type of mounting                                        |   | others |
| Execution of the mounting                               |   | others |
| Type of voltage / for operating                         |   | AC     |
| Product component                                       |   |        |
| • series resistance                                     |   | No     |
| • diode                                                 |   | Yes    |
| • lamp transformer                                      |   | No     |
| • fluorescent materials                                 |   | Yes    |
| Color / of the fluorescent material                     |   | blue   |
| Operating voltage                                       |   |        |
| • at 50 Hz / at AC / rated value / minimum              | V | 230    |
| • at 60 Hz / at AC / rated value                        |   |        |
| • minimum                                               | V | 230    |
| • maximum                                               | V | 230    |
| • at 50 Hz / at AC / rated value / maximum              | V | 230    |
| Design of electrical connection / for auxiliary circuit |   | others |
