SIMATIC WINCC V7.2, RUNTIME SOFTWARE, SINGLE LICENSE,  
COUNT RELEVANT

| General information                                           |         |
|---------------------------------------------------------------|---------|
| Multi-user system                                             |         |
| • Multi-user capability                                       | Yes     |
| • Number of servers, max.                                     | 18      |
| • Number of clients for server without operator console, max. | 32      |
| • Web clients                                                 | Yes     |
| Operator control and monitoring                               |         |
| Object block library                                          | Yes     |
| Alarm system (incl. buffer and acknowledgment)                | Yes     |
| Report system/log system                                      | Yes     |
| SQL database                                                  | Yes     |
| Process diagnostics                                           | No      |
| Sector-specific and technological expansions                  | Yes     |
| Recipes/user archives                                         |         |
| • User archive/recipe management                              | Yes     |
| Interfaces                                                    |         |
| Programming interfaces                                        | Yes     |
| OPC-DA interface, Server                                      | Yes     |
| OPC-DA interface, Client                                      | Yes     |
| Hardware requirement                                          |         |
| Processor                                                     |         |
| • Processor cycle frequency, min.                             | 1 GHz   |
| Lifetime of module                                            |         |
| • Main memory, min.                                           | 1 Gbyte |
| Operating systems                                             |         |
| Runs under operating system                                   |         |
| • Windows 7                                                   | Yes     |
| Configuration                                                 |         |
| Online configuration                                          | Yes     |
| Number of multi-user configurations, max.                     | 32      |
| Script languages (Runtime)                                    |         |
| • Number of Visual Basic Scripts                              | Yes     |

- other

Yes

## Languages

### Configuration languages
