

SICAM PAS UI Config. Download, software, documentation and license(s) for download. Specification of an email address (consignee) for delivery is essential .  
note: This MLFB and its ALM license cannot be used on a SICAM PAS computer which is licensed with a dongle/ soft license

| General technical data                                                 |                         |
|------------------------------------------------------------------------|-------------------------|
| national language / of the software                                    | German / English        |
| Product details                                                        |                         |
| product description                                                    | power automation system |
| Model                                                                  |                         |
| product designation                                                    | SICAM PAS - base module |
| Product Functions                                                      |                         |
| user interface info texts can be translated into any national language | Yes                     |
| Unicode support for process data                                       | Yes                     |
| diagnostics function                                                   | Yes                     |
| project planning function                                              | Yes                     |
| parameterizing function                                                | Yes                     |
| Display and operation                                                  |                         |
| horizontal image resolution / of the graphics card                     | 1 280 pixel             |
| vertical image resolution / of the graphics card                       | 1 024 pixel             |
| Requirements                                                           |                         |
| number of colors / of the graphics card                                | 65 536                  |
| design of the drive/storage medium / required / DVD drive              | No                      |
| operating system / usable / Windows 7                                  | Yes                     |
| operating system / usable / Windows 10                                 | Yes                     |
| operating system / usable / Windows 2012 Server                        | Yes                     |
| operating system / usable / Windows 2016 Server                        | Yes                     |
| operating system / usable / Windows Server 2019                        | Yes                     |
| processor clock frequency / minimum                                    | 2 GHz                   |
| storage capacity / on hard disk / required                             | 100 Gbyte               |
| storage capacity / of the main memory or RAM / minimum                 | 16 Gbyte                |
| Cybersecurity                                                          |                         |
| type of access control / role-based access control (RBAC)              | Yes                     |
| product function / firmware identifier                                 | Yes                     |
| Further information                                                    |                         |

Siemens has decided to exit the Russian market (see here).

<https://press.siemens.com/global/en/pressrelease/siemens-wind-down-russian-business>

Siemens is working on the renewal of the current EAC certificates.

Please contact your local Siemens office on the status of validity of the EAC certification if you intend to import or offer to supply these products to an EAC relevant market (other than the sanctioned EAEU member states Russia or Belarus).
