

# Moment compensator DARD-L8-20-S

Part number: 8081466

FESTO

 [General operating condition](#)

## Data sheet

| Feature                                                       | Value                         |
|---------------------------------------------------------------|-------------------------------|
| Size                                                          | 20                            |
| Radial deviation +/-                                          | 2.5 mm                        |
| Corrosion resistance class (CRC)                              | 1 - Low corrosion stress      |
| LABS (PWIS) conformity                                        | VDMA24364-B1/B2-L             |
| Ambient temperature                                           | 0 °C ... 60 °C                |
| Short-term maximum permissible load in direction of force +/- | 1100 N                        |
| Long-term maximum permissible load in direction of force +/-  | 550 N                         |
| Product weight                                                | 137 g                         |
| Note on materials                                             | RoHS-compliant<br>Copper-free |
| Adapter material                                              | Aluminum, anodized            |
| Material of screws                                            | Steel, galvanized             |
