

# Reducing nipple NPFC-RS-G18-M5-MF

Part number: 8142593

FESTO

 [General operating condition](#)

## Data sheet

| Feature                                           | Value                                        |
|---------------------------------------------------|----------------------------------------------|
| Threaded fitting material                         | Brass, nickel-plated                         |
| Pack size                                         | 10                                           |
| Operating pressure                                | -0.95 bar ... 10 bar                         |
| Operating medium                                  | Compressed air as per ISO 8573-1:2010 [-:~:] |
| Corrosion resistance class (CRC)                  | 1 - Low corrosion stress                     |
| LABS (PWIS) conformity                            | VDMA24364-B2-L                               |
| Ambient temperature                               | -10 °C ... 60 °C                             |
| Nominal tightening torque, pneumatic connection 1 | 10.55 Nm                                     |
| Tolerance for nominal tightening torque           | ± 20%                                        |
| Product weight                                    | 8.32 g                                       |
| Pneumatic connection 1                            | G1/8                                         |
| Pneumatic connection 2                            | M5                                           |
| Note on materials                                 | RoHS-compliant                               |
| Seals material                                    | PVC                                          |
