

Manufacturer's Declaration

Negative Declaration regarding ATEX Directive 2014/34/EU

Karl Dungs GmbH & Co. KG hereby declares that the products listed within the scope of this manufacturer's declaration **do not fall under** the following directive:

2014/34/EU: *Directive on the harmonisation of the laws of the Member States relating to equipment and protective systems intended for use in potentially explosive atmospheres (recast) (ATEX Directive)*

The products listed within the scope of this declaration do not have their own potential ignition sources. Therefore, a Declaration of Conformity in accordance with the ATEX Directive is not required for these products.

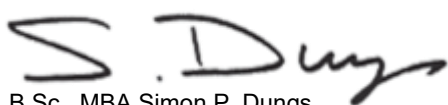

This conclusion is based on an ignition hazard analysis, which was carried out considering the following standards:

- EN 1127-1
- EN ISO 80079-36
