

FRNG

EN 88

Nulldruckregler &
Gleichdruckregler

Zero pressure regulator &
Constant pressure regulator

Régulateur de pression
zéro & Régulateur de
proportion

Regolatore di pressione
zero & Regolatore di
rapporto aria/gas

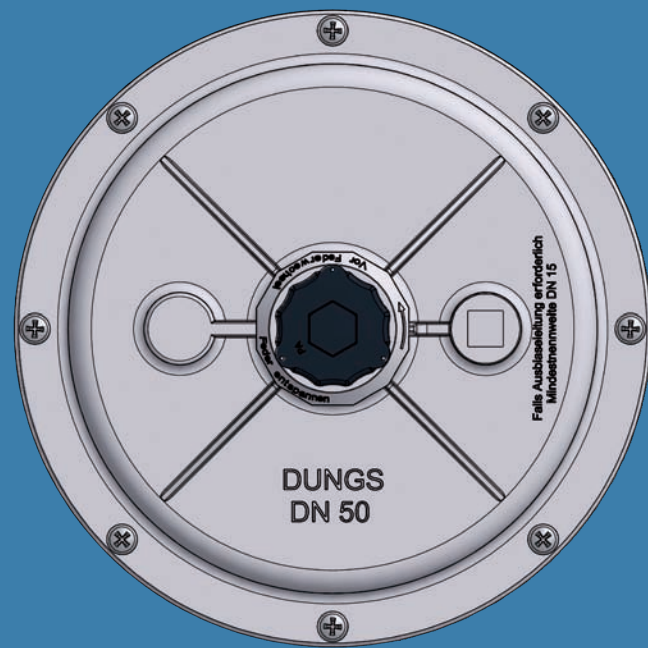

Druckluftgeführtes
Druckregelgerät

Compressed air-controlled
pressure regulator

Régulateur à commande
pneumatique

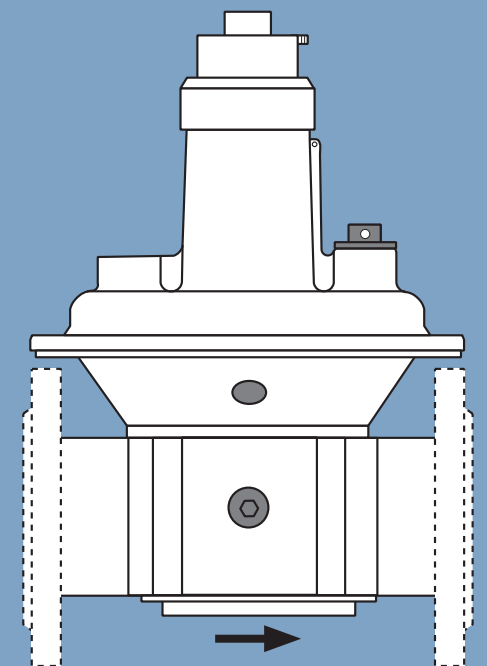

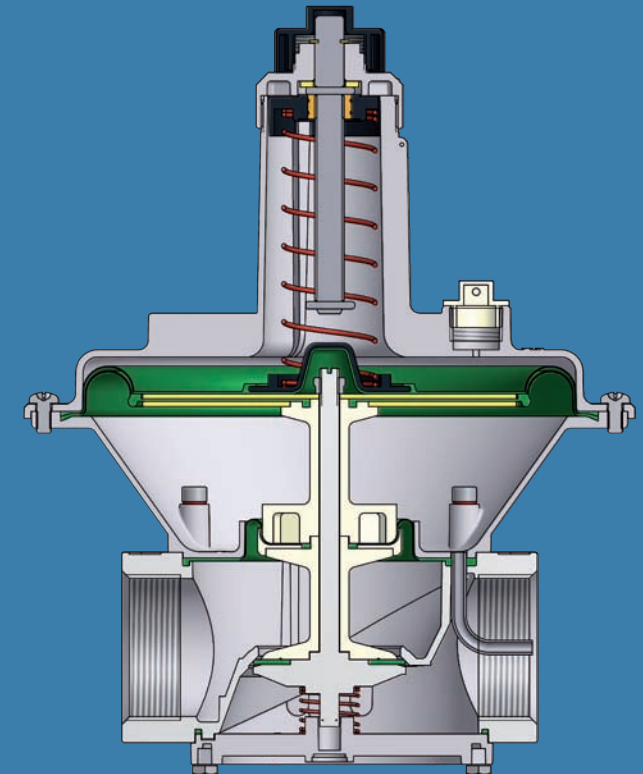

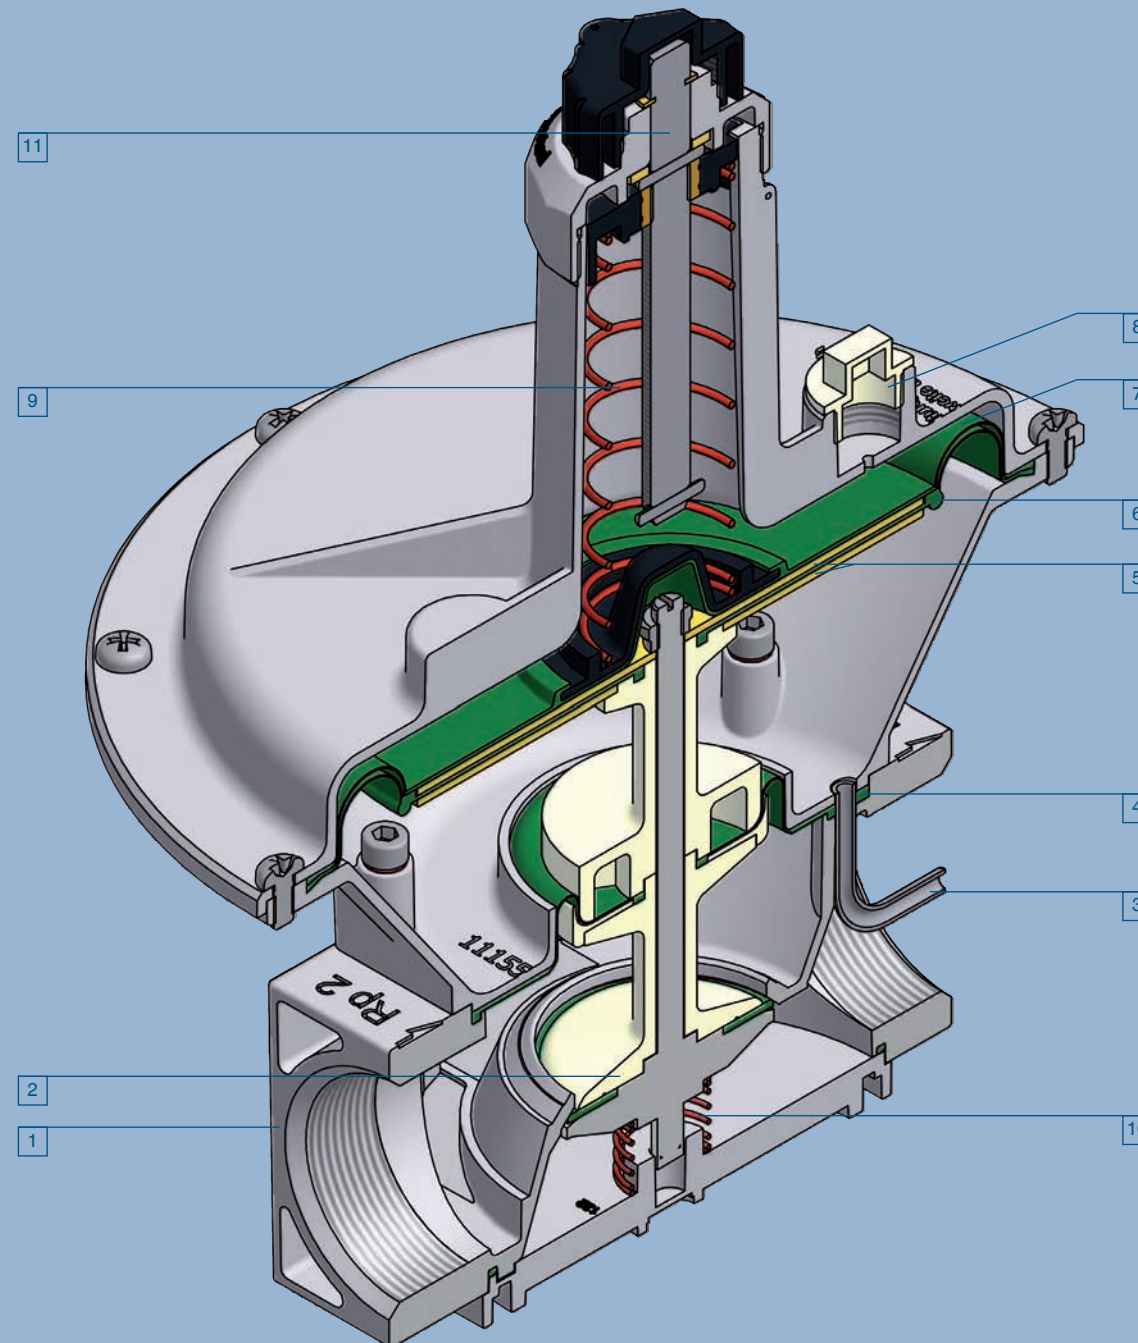

Regolatore ad aria
compressa

DUNGS[®]
Combustion Controls

Gehäuse	Housing	Corps	Corpo	1
Regelteller	Regulating cup	Clapet	Piatto di regolazione	2
Impulsabgriff, intern	Pulse tap, internal	Prise d'impulsions, interne	Attacco condotto ad impulsi, interno	3
Ausgleichs-membrane	Compensation diaphragm	Membrane de compensation	Membrana di compensazione	4
Membranscheibe	Diaphragm disk	Disque de membrane	Disco della membrana	5
Arbeitsmembrane	Working diaphragm	Membrane de travail	Membrana di lavoro	6
Sicherheits-membrane	Safety diaphragm	Membrane de sécurité	Membrana di sicurezza	7
Atmungsstopfen	Breathing plug	Bouchon de mise à l'air libre	Tappo di sfiato	8
Sollwertfeder	Setpoint spring	Ressort de réglage	Molla di taratura valore nominale	9
Gegenfeder	Counterspring	Ressort antagoniste	Molla antagonista	10
Verstelleinrichtung	Adjustment device	Dispositif de réglage	Dispositivo di regolazione	11

MOP 500 mbar (50 kPa)
Rp 3/8 - Rp 2 1/2, DN 40 - DN 150
