

# E33402

## Process adapter Tri-Clamp

ADAPT G1/2-CLAMP DIN32676/2

EC 1935/2004 EHEDG Tested 

| Application                                       |       |                                 |
|---------------------------------------------------|-------|---------------------------------|
| Pressure rating                                   | [bar] | 16                              |
| Mechanical data                                   |       |                                 |
| Weight                                            | [g]   | 260.2                           |
| Materials                                         |       | stainless steel (1.4404 / 316L) |
| Sensor connection                                 |       | G 1/2                           |
| Process connection                                |       | Clamp 2" ISO 2852 / DIN 32676   |
| Surface characteristics Ra/Rz of the wetted parts |       | 0.4 / 4                         |
| Remarks                                           |       |                                 |
| Pack quantity                                     |       | 1 pcs.                          |
