## Measuring wheel

MEASURING WHEEL U:500 N:10

| Application          |      |                                               |
|----------------------|------|-----------------------------------------------|
| Design               |      | rubber                                        |
| Operating conditions |      |                                               |
| Ambient temperature  | [°C] | -30...80                                      |
| Mechanical data      |      |                                               |
| Weight               | [g]  | 269.4                                         |
| Inside diameter      | [mm] | 10                                            |
| External diameter    | [mm] | 159.16                                        |
| Materials            |      | wheel: aluminium; surface characteristics: PU |
| Tightening torque    | [Nm] | 3; (Mounting screw)                           |
| Remarks              |      |                                               |
| Pack quantity        |      | 1 pcs.                                        |
