

Description Shunt trip release for motor protection switches
Control voltages (Uc) 230 V ac
Rated frequency (f) 50Hz
No. modules 1

ELECTRICAL CHARACTERISTICS		- MECHANICAL AND FUNCTIONAL CHARACTERISTICS	
Standard	IEC/EN 60947-4-1, IEC/EN 60947-5-1	Mechanical endurance (O-C cycle number)	10.000 cycles
Minimum operating voltage	85% Uc	Electrical endurance (O-C cycle number)	10.000 cycles
Duration of impulse command	> 50ms	Cable section (mm²)	≤ 2,5 mm²
-	-	Conductor insulation stripping length	11 mm
-	-	Rated tightening torque	1 Nm

DIMENSIONAL

STANDARDS/APPROVALS
