

A product range comprising industrial-type socket-outlets conforming to IEC 60309 Standard, with rotary switch mechanical interlock for individual or group applications on modular bases. The robustness of the products and their resistance to the main chemical and atmospheric agents, together with the high IP66 degree of protection, mean they can be installed in tough environments with critical atmospheric, chemical and mechanical (accidental impact) conditions.

Type	Vertical	Thermo-pressure with ball	80 °C
Impact resistance at -20 °C	20 J	IP degree	IP66
No. of poles	2P+E	Mechanical resistance	> IK10
Frequency	50/60 Hz	Operating temperature	-25 +40 °C
Protection	Suitable for modular apps. (6M)	With back-mounting box	Yes
Electrocod	2222	Glow wire test	850 °C
Colour	Yellow	Rated current (A)	32
Reference h	4	Rated voltage	100 - 130 V
Type of use	Heavy duty
