

# IME18-08BDSZC0S

IME

**INDUCTIVE PROXIMITY SENSORS**

**SICK**  
Sensor Intelligence.

## Ordering information

| Type            | Part no. |
|-----------------|----------|
| IME18-08BDSZC0S | 1067207  |

**Included in delivery:** BEF-MU-M18 (2)

Other models and accessories → [www.sick.com/IME](http://www.sick.com/IME)

## Detailed technical data

### Features

|                                            |                           |
|--------------------------------------------|---------------------------|
| <b>Housing</b>                             | Cylindrical thread design |
| <b>Housing</b>                             | Standard                  |
| <b>Thread size</b>                         | M18 x 1                   |
| <b>Diameter</b>                            | Ø 18 mm                   |
| <b>Sensing range <math>S_n</math></b>      | 8 mm                      |
| <b>Safe sensing range <math>S_a</math></b> | 6.48 mm                   |
| <b>Installation type</b>                   | Flush                     |
| <b>Switching frequency</b>                 | 1,000 Hz                  |
| <b>Connection type</b>                     | Male connector M12, 4-pin |
| <b>Output function</b>                     | NO                        |
| <b>Electrical wiring</b>                   | DC 2-wire                 |
| <b>Enclosure rating</b>                    | IP67 <sup>1)</sup>        |

<sup>1)</sup> According to EN 60529.

### Mechanics/electronics

|                                                |                                              |
|------------------------------------------------|----------------------------------------------|
| <b>Supply voltage</b>                          | 10 V DC ... 30 V DC                          |
| <b>Ripple</b>                                  | ≤ 10 %                                       |
| <b>Voltage drop</b>                            | ≤ 4 V <sup>1)</sup><br>≤ 4.5 V <sup>2)</sup> |
| <b>Time delay before availability</b>          | ≤ 100 ms                                     |
| <b>Hysteresis</b>                              | 5 % ... 15 %                                 |
| <b>Reproducibility</b>                         | ≤ 2 % <sup>3)</sup> <sup>4)</sup>            |
| <b>Temperature drift (of <math>S_n</math>)</b> | ± 10 %                                       |

<sup>1)</sup> At  $I_a = 30$  mA.

<sup>2)</sup> At  $I_a$  max.

<sup>3)</sup>  $U_b$  and  $T_a$  constant.

<sup>4)</sup> Of  $S_r$ .

|                                            |                                         |
|--------------------------------------------|-----------------------------------------|
| <b>EMC</b>                                 | According to EN 60947-5-2               |
| <b>Continuous current <math>I_a</math></b> | $\leq 100$ mA                           |
| <b>Off-state current</b>                   | $\leq 0.8$ mA                           |
| <b>Minimum load current</b>                | $\geq 3$ mA                             |
| <b>Short-circuit protection</b>            | ✓                                       |
| <b>Reverse polarity protection</b>         | ✓                                       |
| <b>Power-up pulse</b>                      | $\leq 5$ ms                             |
| <b>Shock and vibration resistance</b>      | 30 g, 11 ms/10 Hz ... 55 Hz, 1 mm       |
| <b>Ambient operating temperature</b>       | -25 °C ... +75 °C                       |
| <b>Housing material</b>                    | Brass, nickel-plated                    |
| <b>Sensing face material</b>               | Plastic, PA 66                          |
| <b>Housing length</b>                      | 69 mm                                   |
| <b>Thread length</b>                       | 52 mm                                   |
| <b>Tightening torque, max.</b>             | $\leq 40$ Nm                            |
| <b>Items supplied</b>                      | Mounting nut, brass, nickel-plated (2x) |
| <b>UL File No.</b>                         | NRKH.E181493                            |

1) At  $I_a = 30$  mA.

2) At  $I_a$  max.

3)  $U_b$  and  $T_a$  constant.

4) Of Sr.

## Reduction factors

|                                   |                                                |
|-----------------------------------|------------------------------------------------|
| <b>Note</b>                       | The values are reference values which may vary |
| <b>St37 steel (Fe)</b>            | 1                                              |
| <b>Stainless steel (V2A, 304)</b> | Approx. 0.8                                    |
| <b>Aluminum (Al)</b>              | Approx. 0.45                                   |
| <b>Copper (Cu)</b>                | Approx. 0.4                                    |
| <b>Brass (Br)</b>                 | Approx. 0.4                                    |

## Installation note

|               |                                       |
|---------------|---------------------------------------|
| <b>Remark</b> | Associated graphic see "Installation" |
| <b>B</b>      | 36 mm                                 |
| <b>C</b>      | 18 mm                                 |

## SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

**For us, that is “Sensor Intelligence.”**
