

Mounting systems Universal bar clamp systems, Hygienic Design BeftechHD

BEF-HDSTRGF

Model Name > **BEF-HDSTRGF**
Part No. > **2067779**

At a glance

- Hygienic design according to EHEDG guidelines
- Optimal chemical resistance (through the use of silicone seals and V4A stainless steel [grade 1.4404/316L])
- FDA approved materials
- Quicker and safer sensor installation thanks to the bayonet mount
- Bayonet mount guarantees retention of optical alignment when sensors are replaced
- Flexible system for customized height and rotation alignment

Your benefits

- Minimized risk of bacterial growth thanks to the use of a hygienic design for increased product safety
- Quick and easy cleaning process for reduced cleaning cycles and less machine downtime
- Ready-made mounting system guarantees quick and easy installation in existing equipment systems
- No tools necessary for sensor replacement - thanks to the bayonet mount which preserves the original sensor position and minimizes machine downtime
- The system offers maximum flexibility in terms of adjustment and alignment, enabling high dependability during detection, as well as optimal sensor installation.
- Because of its modular construction, the system has all standard installation scenarios covered. Mounting flanges from SICK can be used as an interface to system equipment.

Technical data

Accessory group:	Universal bar clamp systems
Material:	Stainless steel V4A (1.4404, 316L), Hygienic Design, Silicone (seal)
Description:	Hygienic design telescopic tube, straight, with bayonet lock with flange
Suitable for:	Hygienic Design BeftecHD
Dimensions (W x H x L):	40 mm x 165 mm x 40 mm
