

Cloning plug

SICK
Sensor Intelligence.

Ordering information

Type	Part no.
Cloning plug	2074708

Other models and accessories → www.sick.com/

Detailed technical data

Technical specifications

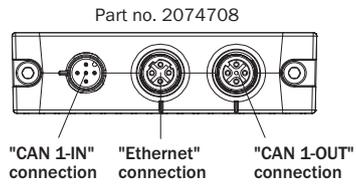

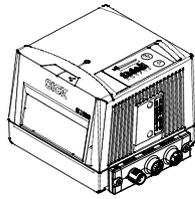

Accessory group	Plug connectors and cables
Accessory family	Other connectors and cables
Connection type head A	Male connector, M12, 5-pin
Connection type head B	Female connector, M12, 5-pin
Signal type	Power, CAN, Ethernet
Note	Plug housing CAN IN/OUT Ethernet
Items supplied	With three M12 cylindrical connectors (5-pin male connector, 5-pin female connector, 5-pin Ethernet)
Description	Required for connecting the CLV69x in systems and in the case of CAN In/Out

PIN assignment

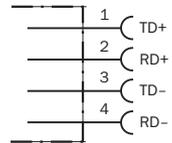

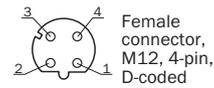

Pin assignment of cloning plug E, part no. 2074708, for CLV69x bar code scanners

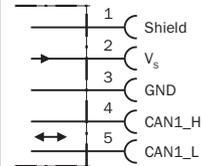

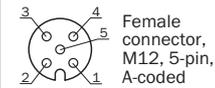

"CAN 1-IN" connection
 $V_s, I_{in\ max} = 4\ A$

"Ethernet" connection

"CAN 1-OUT" connection
 $V_s, I_{out\ max} = 4\ A$

SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

For us, that is “Sensor Intelligence.”
