

Main

Range of product	Altivar Process ATV900 Altivar Process ATV600
Accessory / separate part type	Fan kit
Accessory / separate part category	Cooling accessory

Complementary

Kit composition	Mounting bracket Fan Instruction sheet
Product compatibility	Variable speed drive ATV630 floor-standing 110 kW 380...440 V Variable speed drive ATV630 floor-standing 132 kW 380...440 V Variable speed drive ATV630 floor-standing 160 kW 380...440 V Variable speed drive ATV630 floor-standing 200 kW 380...440 V Variable speed drive ATV630 floor-standing 250 kW 380...440 V Variable speed drive ATV630 floor-standing 315 kW 380...440 V Variable speed drive ATV650 floor-standing 110 kW 380...440 V Variable speed drive ATV650 floor-standing 132 kW 380...440 V Variable speed drive ATV650 floor-standing 160 kW 380...440 V Variable speed drive ATV650 floor-standing 200 kW 380...440 V Variable speed drive ATV650 floor-standing 250 kW 380...440 V Variable speed drive ATV650 floor-standing 315 kW 380...440 V Variable speed drive ATV930 floor-standing 110 kW 380...440 V Variable speed drive ATV930 floor-standing 132 kW 380...440 V Variable speed drive ATV930 floor-standing 160 kW 380...440 V Variable speed drive ATV930 floor-standing 200 kW 380...440 V Variable speed drive ATV930 floor-standing 250 kW 380...440 V Variable speed drive ATV930 floor-standing 315 kW 380...440 V Variable speed drive ATV950 floor-standing 110 kW 380...440 V Variable speed drive ATV950 floor-standing 132 kW 380...440 V Variable speed drive ATV950 floor-standing 160 kW 380...440 V Variable speed drive ATV950 floor-standing 200 kW 380...440 V Variable speed drive ATV950 floor-standing 250 kW 380...440 V Variable speed drive ATV950 floor-standing 315 kW 380...440 V
