

# ZCMC21E10

pre-cabled connection ZCMC - 2 Poles - CEI -  
10m

## Main

|                           |                           |
|---------------------------|---------------------------|
| Range of product          | OsiSense XC               |
| Product or component type | Pre-cabled connection CEI |
| Component name            | ZCMC                      |
| Product compatibility     | XCMD21                    |
| Associated body           | ZCMD21                    |
| Electrical connection     | Cable                     |
| Cable length              | 10 m                      |
| Number of poles           | 2                         |

## Environment

|                          |                   |
|--------------------------|-------------------|
| RoHS EUR conformity date | 4Q2009            |
| RoHS EUR status          | Will be compliant |
